Re: Water Right Permit No. **G2-30183 – OVERDUE NOTICE**

Dear Mr. Harrington:

On May 13, 2008, we sent a letter requesting a \$50 retroactive extension fee before we could accept the Construction Notice that was submitted on May 2, 2008.

As your Proof of Appropriation is due by **October 1, 2008** we gave you the option of requesting an extension which would bring your permit back into good standing and the \$50 retroactive fee would not be necessary. We have not received a response. If we do not receive the \$50 fee and/or an extension request within **60 days** from the date of this letter, **your permit will be cancelled.**

Extension requests must contain the following:

- A description of efforts you have made to complete the project.
- The reason you need an extension, with details and reasons why the development schedule should be extended. You may also provide any other information or materials that support your request.
- A new schedule you propose for completing the project.
- A **non-refundable extension request fee of \$50.**

If we do not receive the information within **60 days** from the date of this letter, **your water right permit will be cancelled.** If you have any questions, please contact me at (360) 407-0274 or clat461@ecy.wa.gov.

Sincerely,

Charlotte Lattimore

Re: Water Right Permit No. **G2-30183 – OVERDUE NOTICE**

Dear Mr. Harrington:

On May 2, 2008, we received a Construction Notice reporting you have completed construction of your water system. However, project completion was due by **October 1, 2007**, and we cannot accept completion of construction at this time without a \$50 retroactive extension fee.

Please note that Proof of Appropriation is due by **October 1, 2008**. If this deadline cannot be met, you must contact us in writing to request an extension. **Requesting an extension will bring your permit back into good standing, and the \$50 retroactive fee will not be necessary.**

Extension requests must contain the following:

- A description of efforts you have made to complete the project.
- The reason you need an extension, with details and reasons why the development schedule should be extended. You may also provide any other information or materials that support your request.
- A new schedule you propose for completing the project.
- A **non-refundable extension request fee of \$50.**

If we do not receive the information within **30 days** from the date of this letter, **your water right permit may be cancelled**. If you have any questions, please contact me at (360) 407-6116, or at anie461@ecy.wa.gov.

Dear Ms. Klocke:

I received the Department of Health's December 27, 2007, approval letter and accompanying documents regarding the Stevenson Water Department water system. I reviewed the documents and revised current and forecasted water right status tables. The revisions satisfy the concerns raised in Ecology's May 15, 2007, comment letter.

Thank you for the opportunity to review this water system plan. Please contact me at (360) 407-0290 if you have questions regarding my review or need additional information.
